PART I - FINANCIAL INFORMATION

Item 1. FINANCIAL STATEMENTS.

Attached hereto and incorporated herein by reference.

Item 2. MANAGER'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following information contains certain forward-looking statements that anticipate future trends or events. These statements are based on certain assumptions that may prove to be erroneous and are subject to certain risks including but not limited to the risks of increased competition in the Company's industry and other risks detailed in the Company's Securities and Exchange Commission filings. Accordingly, actual results may differ, possibly materially, from the predictions contained herein.

For the three months ended March 31, 2004, the Company experienced a loss of \$250,861 as compared to a profit of \$180,781 for the three months ended March 31, 2003. The Company increased expenditures in the areas of WATER\$AVR sales and marketing as well as investor relations. In addition, the Company regained the distribution of its residential pool products and added personnel, office space, equipment and marketing resources during the quarter.

RESULTS OF OPERATIONS

Reference is made to Item 2, "Management's Discussion and Analysis" included in the Company's registration statement on Form 10-SB for the year ended December 31st 1999, as amended, and the Company's 10K-SB for the years ended Dec. 31st 2002 and 2003 on file with the Securities and Exchange Commission. The following analysis and discussion pertains to the Company's results of operations for the three months ended March 31 2004, compared to the results of operations for the three month ended March 31, 2003, and to changes in the Company's financial condition from December 31st 2003 to March 31, 2004.

THREE MONTHS ENDED March 31st 2004 and 2003

For the first quarter of the current fiscal year ending March 31st, 2004, sales were \$488,110 compared to \$1,281,266 for the same quarter of the previous year. This decrease in sales is a result of pre-sold Tropical Fish to our former exclusive distributor, SunSolar and reduced sales in the Water\$avr division. We have changed the name of our residential pool product to Ecosavr and have taken the distribution in house, based out of Richmond BC. The product launch is scheduled for May 2004. There were \$479,000 in Water\$avr sales to Ondeo Nalco in first quarter 2003 that were not repeated in 2004 and the last shipment of Tropical Fish to our former distributor (\$108,000) was delayed through the quarter end and shipped on April 1st. These two items account for all of the quarter over quarter revenue change.

Cost of sales was \$305,919 for the first quarter, down from \$687,067 for the first quarter of last year. Reduction can be attributed to the lack of W\$ sales and consequent lower raw material input costs. The largest real increases were in the area of consulting (\$74,678 from \$51,932) for overseas sales of W\$. Professional fees increased to (\$55,920 from \$23,063) and investor relations increased to (\$64,678 from \$33,120) to accommodate increased efforts to raise awareness of the Company in the investing community. There were decreases in the areas of wages, (\$114,470 from \$138,670) research (\$9,161 from \$17,531) and travel (\$23,576 from \$34,184) these decreases are related to closing the WaterSavr Global office in Illinois, laying off non-performing sales staff and relocating head office to Victoria BC.

The loss for the quarter was \$250,861, a significant increase from first quarter last year when there was a profit of 180,781. The increased loss was caused by decreased sales in the Water\$avr division combined with continued efforts to close new direct sales of W\$ in Asia and the USA. Cost of sales increased from 53 to 62% as a result of lower sales without an equivalent reduction in costs.

The loss per share was \$0.02 for the three months ended March 31, 2004 compared to a profit of \$0.02 for the three months ended March 31, 2003.

Sales in the three months ended March 31, 2004 were \$488,110 compared to \$1,281,266 for the three months ended March 31, 2003. The 62% decrease was a result of the timing in sales in our swimming pool division and lack of significant sales in the W\$ division. Our previous exclusive distributor ordered significant product ahead of spring sales in the 4th quarter of 2003 and a shipping delay caused \$108,000 in another order to be recognized in the 2nd quarter 2004 rather than Q1.

Operating expenses for the Company were \$436,168 for the three months ended March 31, 2004 up marginally from \$412,994 for the three months ended March 31, 2003. The net income for the three months ended March 31, 2004 was (\$250,861) compared to a net income of \$180,781 for the three months ended March 31, 2003.

LIQUIDITY AND CAPITAL RESOURCES

The Company had cash on hand of \$1,657,930 as of the end of the quarter.

As of March 31, 2004 the Company had working capital of \$5,646,958 as compared to working capital of 5,918,022 on December 31st 2003. The decrease was a result of operational costs incurred to market Water\$avr during the 3 months ended March 31, 2004 and the six months ended Dec 31st 2003.

The Company has no external sources of liquidity in the form of credit lines from banks. Management believes that its available cash will be sufficient to fund the Company's working capital requirements through December 31st 2004. Management further believes that available cash will be sufficient to implement the Company's expansion plans. No investment banking agreements are in place and there is no guarantee that the Company will be able to raise capital in the future should that become necessary.

Item 3. Controls and procedures

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure based closely on the definition of "disclosure controls and procedures" in Rule 13a-14(c). The Company's disclosure controls and procedures are designed to provide a reasonable level of assurance of reaching the Company's desired disclosure control objectives. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. The Company's certifying officer has concluded that the Company's disclosure controls and procedures are effective in reaching that level of assurance.

Part II - OTHER INFORMATION

3. CONTINGENCIES

- a) The company has been named as a plaintiff in a lawsuit filed in the state of Illinois by a former employee. In November 2003, an ex-employee, Patrick Grant filed suit against Flexible Solutions in Cook County Circuit Court, Cook County IL, claiming wrongful dismissal and seeking return of options rights or cash. The company believes these allegations are without merit and intends to vigorously defend against them.
- b) The company is plaintiff in a lawsuit demanding return of the share certificate of 100,000 shares of stock originally given to the defended as payment in advance for services. The services for which the advance was given were never performed or given to the company, and the company therefore received no consideration or value for such advance. Return of the share certificate for 100,000 shares was demanded within ten (10) days, namely August 22, 2001, however, to date remains unreturned.

On date of issue, January 4, 2001, the share transaction was recorded as shares issued for services at fair market value, a value of \$0.80 per share.
