PART 1 - FINANCIAL INFORMATION

Item 1. FINANCIAL STATEMENTS.

Attached hereto and incorporated herein by reference.

Item 2. MANAGER'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following information contains certain forward looking statements that anticipate future trends or events. These statements are based on certain assumptions that may prove to be erroneous and are subject to certain risks including but not limited to the risks of increased competition in the Company's industry and other risks detailed in the Company's Securities and Exchange Commission filings. Accordingly, actual results may differ, possibly materially, from the predictions contained herein.

During the three months ended June 30th 2004, the Company experienced a net loss of \$327,289 as compared to a loss of \$230,076 for the three months ended June 30th 2003. The loss resulted from the following: a continued loss from operations including wages, travel and overhead in our WaterSavr division required by the world wide sales effort, start up expenses for the new Ecosavr marketing office in Richmond BC, and a very large increase in depreciation (\$175,596 vs \$8,116) resulting from the acquisition of depreciable assets from the bankruptcy estate of Donlar Corp on June 9th 2004. Our gross profit increased from 38.3% to 80.8%. The ratio was positively affected by the increased efficiency in our Calgary factory, the increase in revenue per unit sold resulting from taking over the distribution of the Ecosavr residential product and the addition of some low cost sales from the new NanoChem division. Total sales in the swimming pool division were less than the previous year as a result of excess product in the retail pipeline from product purchased in first quarter 2004 and last quarter 2003 by our ex-distributor working its way through the retail channels. Management believes that this product is now in the hands of end users and residential sales will soon return to higher levels and at twice the price per unit realized in 2003.

RESULTS OF OPERATIONS

The following analysis and discussion pertains to the Company's results of operations for the three month and six month periods ended June 30th 2004 compared to the results of operations for the three month and six month periods ended June 30th 2003, and to changes in the Company's financial condition from December 31st 2003 to June 30th 2004.

THREE MONTHS ENDED June 30th 2004 and 2003

For the second quarter of the current fiscal year ending June 30th 2004, sales were \$547,761 compared to \$661,296 for the same quarter of the previous year. The small decrease in sales was a direct result of a one time switch in our residential pool division from sales through external distribution to internal distribution by our own employees. The previous distributor, Sunsolar Energy Technologies, whose contract ended on February 29th 2004, preordered significant quantities of product in anticipation of the lapse of the contract and that purchase prevented us from realizing the dollar value of sales normally expected in 2nd quarter. Sales from our newly formed NanoChem division mitigated this somewhat and management expects that unit sales in residential pool products will return to historical levels in 3rd quarter 2004.

Operating expenses were \$797,316 for the second quarter, up from \$561,113. Wages decreased from \$195,202 to \$143,246 as a result of reorganization and efficiency increases in the Watersavr division. There were also reductions in travel from 44,235 down to 25,938, in telecom from 15,838 down to 9,014 and in professional fees down from 104,810 to 71,206 as we gained better control of marketing costs in our Watersavr division. On the other hand, our costs for consulting rose to 114,138 from 30,719, advertising rose to 49,062 from 13,094 as we became responsible for distribution of Ecosavr, and

depreciation soared from 8,116 to 175,595 resulting from acquisition of depreciable assets for cash from the estate of Donlar Corp.

The net loss of \$327,289 for the quarter represents an increase over second quarter last year when the net loss was \$230,076. The increased loss can be attributed to the depreciation of assets acquired from the estate of Donlar Corp. The loss per share was \$0.03 for the three months ended June 30th 2004 compared to \$0.02 for the three months ended June 30th 2003.

SIX MONTHS ENDED June 30th 2004

Sales in the six months ended June 30th 2004 were \$1,035,871 compared to \$1,942,562 for the six months ended June 30th 2003. The large decrease in sales was due to the following factors. In the comparable period of 2003, there were sales of \$473,000 in the Watersavr division that were not repeated this year because the distributor responsible was unable to meet contractual quotas and was terminated. The residential pool product distributor whose contract ended on Feb 29th 2004 preordered large amounts of product in 4th quarter 2003 for sale in the first 6 months of 2004. Our obligation to produce as requested shifted revenue backwards into 2003 from 2004 first half. Finally, acquisition of the assets of Donlar Corp (renamed NanoChem Solutions Inc.) was not complete until June 9th and therefore only a small portion of the sales for the quarter and half were consolidated with those of Flexible Solutions.

Operating expenses for the Company were \$1,233,484 for the six months ended June 30th 2004 up from \$974,107 for the six months ended June 30th 2003. The increase in operating expense is a result of increased depreciation, advertising, consulting fees, investor relations, research and development and expansion of sales and marketing for commercial pool products and water conservation products.

The net loss for the six months ended June 30th 2004 was \$578,150 compared to a net loss of \$49,295 for the six months ended June 30th 2003. The loss was due to reduced sales in the Watersavr and swimming pool divisions combined with the reduced interest income resulting from using capital to purchase assets and the large increase in depreciation resulting from substituting depreciable assets for cash. Cost of goods sold decreased to 39.7% from 56.4% as our pool products factory increased efficiency and our price per unit rose. The loss per share was \$0.05 for the six-month period ended June 30th 2004 compared to \$0.00 for the six-month period ended June 30th 2003.

]

LIQUIDITY AND CAPITAL RESOURCES

As of June 30th 2004 the Company had working capital of \$297,772, which represented a decrease of \$5,464,907 as compared to the working capital of December 31st 2003. The decrease was entirely related to the purchase of assets from the bankruptcy estate of Donlar that closed on June 9th. We used \$3,000,000 in cash from our working capital and signed a promissory note for a further \$3,150,000 that is set against current assets because it has a term of less than one year as of this report. The note is due June 9th 2005.

The Company has no external sources of liquidity in the form of credit lines from banks.

Management believes that its available cash will be sufficient to fund the Company's working capital requirements through December 31st 2004. Management further believes that available cash will be sufficient to implement the Company's expansion plans. No investment banking agreements are in place and there is no guarantee that the Company will be able to raise capital in the future should that become necessary.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS:

The Company does not have any derivative financial instruments as of June 30th 2004. However, the Company is exposed to interest rate risk.

The Company's interest income and expense are most sensitive to changes in the general level of U.S. and Canadian interest rates. In this regard, changes in U.S. and Canadian interest rates affect the interest paid on the Company's cash equivalents as well as the interest paid on debt.

FOREIGN CURRENCY RISK

The Company operates in both the United States and Canada. Therefore, the Company's business and financial condition is sensitive to currency exchange rates or any other restriction imposed on its currency.

Part II - OTHER INFORMATION

Item 1. Legal proceedings – On July 27th 2004, Sunsolar Energy Technologies of St. Laurent Quebec filed suit in the Federal Court of Canada against Flexible Solutions Ltd., Flexible Solutions International Inc., and Daniel O'Brien alleging trademark infringement and seeking up to \$7,000,000 Canadian in damages and costs. The Company considers the complaint frivolous, has filed a statement of defense, is considering a countersuit and will defend itself vigorously.

Notes to Consolidated Financial Statements

Periods Ended June 30

(U.S. Dollars)

(Unaudited)

1. BASIS OF PRESENTATION

These unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States for interim financial information. These financial statements are condensed and do not include all disclosures required for annual financial statements. The organization and business of the Company, accounting policies followed by the Company and other information are contained in the notes to the Company's audited consolidated financial statements filed as part of the Company's December 31, 2003 Annual Report on Form 10-KSB. This quarterly report should be read in conjunction with such annual report.

In the opinion of the Company's management, these consolidated financial statements reflect all adjustments necessary to present fairly the Company's consolidated financial position at June 30, 2004 and the consolidated results of operations and the consolidated statements of cash flows for the six months ended June 30, 2004 and 2003. The results of operations for the three months ended June 30, 2004 are not necessarily indicative of the results to be expected for the entire fiscal year.

2. SIGNIFIGANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared in accordance with generally accepted accounting principles accepted in the United States of America applicable to a going concern and reflect the policies outlined below.

a) Cash and Cash Equivalents -

The company considers all highly liquid investments purchased with an original or remaining maturity of less than three months at the date of purchase to be cash equivalents. Cash and cash equivalents are maintained with several financial institutions.

b) Inventory -

Inventory is valued at the lower of cost and net realizable value. Cost is determined on a first-in, first-out basis.

c) Property, Equipment and Leaseholds -

The following assets are recorded at cost and depreciated using the following methods using the following annual rates:

Computer hardware	30% Declining balance
Furniture and fixtures	20% Declining balance
Manufacturing equipment	20% Declining balance
Office equipment	20% Declining balance
Trailer	30% Declining balance
Building	10% Declining balance
Leasehold improvements	Straight-line over lease term

Property and equipment are written down to net realizable value when management determines there has been a change in circumstances which indicates its carrying amount may not be recoverable. No write downs have been necessary to date.

d) Foreign Currency -

The functional currency of the company is the Canadian dollar. The translation of the Canadian dollar to the reporting currency of the U.S. dollar is performed for current assets and current liabilities using exchange rates in effect at the balance sheet date. Non-monetary assets and liabilities are translated using rates prevailing at the time of the acquisition of the assets or assumption of the liabilities. Revenue and expense transactions are translated using average exchange rates prevailing during the year. Translation adjustments arising on conversion of the financial statements from the company's functional currency, Canadian dollars, into the reporting currency, U.S. dollars are excluded from the determination of income and disclosed as other comprehensive income (loss) in stockholders' equity.

Foreign exchange gains and losses relating to transactions not denominated in the applicable local currency are included in income if realized during the year and in comprehensive income if they remain unrealized at the end of the year.

e) Revenue Recognition -

Revenue from product sales is recognized at the time the product is shipped since title and risk of losses is transferred to purchaser upon delivery to the carrier. Shipments are made F.O.B. shipping point. Provisions are made at the time the related revenue is recognized for estimated product returns. Since the company's inception, product returns have been insignificant, therefore no provision has been established for estimated product returns.

f) Stock Issued in Exchange for Services -

The valuation of the common stock issued in exchange for services is valued at an estimated fair market value as determined by officers and directors of the company based upon trading prices of the company's common stock on the dates of the stock transactions.

g) Stock Based Compensation -

The company applies APB Opinion No. 25 and related interpretations in accounting for its employee stock option plans. Compensation expense is recorded when options are granted to management at discounts to market.

h) Comprehensive Income -

Other comprehensive income refers to revenues, expenses, gains and losses that under generally accepted accounting principles are included in comprehensive income but are excluded from net income as these amounts are recorded directly as an adjustment to stockholders' equity. The company's other comprehensive income is primarily comprised of unrealized foreign exchange gains and losses.

i) Income (Loss) Per Share -

Income (loss) per share is calculated by dividing net income (loss) by the weighted average number of shares outstanding.

j) Use of Estimates -

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and would impact the results of operations and cash flows.

k) Financial Instruments -

The fair market value of the company's financial instruments comprising cash, short-term investment, accounts receivable, income tax recoverable, loan receivable, accounts payable and accrued liabilities and amounts due to shareholders were estimated to approximate their carrying values due to immediate or short-term maturity of these financial instruments.

The company is exposed to foreign exchange and interest rate risk to the extent that market value rate fluctuations materially differ from financial assets and liabilities subject to fixed long-term rates.

l) Recent Accounting Pronouncements -

i) In June 2001, the Financial Accounting Standards Board (FASB) issued FAS 142, Goodwill and Other Intangible Assets. Under FAS 142, goodwill and intangible assets with indefinite lives are no longer amortized but are reviewed at least annually for impairment. The amortization provisions of FAS 142 apply to goodwill and intangible assets acquired after June 30, 2001. With respect to goodwill and intangible assets acquired prior to July 1, 2001, the company adopted FAS 142 effective January 1, 2002. Application of the non-amortization provisions of FAS 142 for goodwill did not have any impact on its financial reporting

ii) In October 2001, the FASB issued Statement of Financial Accounting Standards for FAS 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." FAS 144 addresses significant issues relating to the implementation of FAS 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of," and develops a single accounting model, based on the framework established in FAS 121 for long-lived assets to be disposed of by sale, whether such assets are or are not deemed to be a business. FAS 144 also modifies the accounting and disclosure rules for discontinued operations. The standard was adopted on January 1, 2002 and did not have any impact on the financial statements.

In November 2001, the FASB issued EITF Issue No. 01-14,. "Income Statement Characterization of Reimbursements Received for "Out of Pocket" Expenses Incurred." This guidance requires companies to recognize the recovery of reimbursable expenses such as travel costs on service contracts as revenue. These costs are not to be netted as a reduction of cost. This guidance was implemented January 1, 2002. The company does not expect this guidance to have a material impact on the financial statements

6. CONTIGENCIES

- a) The company has been named as a plaintiff in a lawsuit filed in the state of Illinois by a former employee. In November 2003, an ex-employee, Patrick Grant filed suit against Flexible Solutions in Cook County Circuit Court, Cook County IL, claiming wrongful dismissal and seeking return of options rights or cash. The company believes these allegations are without merit and intends to vigorously defend against them.
- b) The company is plaintiff in a lawsuit demanding return of the share certificate of 100,000 shares of stock originally given to the defended as payment in advance for services. The services for which the advance was given were never performed or given to the company, and the company therefore received no consideration or value for such advance. Return of the share certificate for 100,000 shares was demanded within ten (10) days, namely August 22, 2001, however, to date remains unreturned.

On date of issue, January 4, 2001, the share transaction was recorded as shares issued for services at fair market value, a value of \$0.80 per share.
